Syllabus

Course Number: PN 107 / 267PVD51MUZ3

Course Title: **Introductory Medical-Surgical Nursing**

Semester Credits/Credit Hours: 230 Clock Hours

Lecture Hours: 90 hours Theory Online; 20 hours Lab on-Campus

Clinical Practicum Hours: 120 hours

Faculty name(s):
- Stacy Milan

Faculty contact information

Stacy Milan

Prerequisites/Co-requisites:
- PN 106: Pharmacology and Intravenous Therapy Skills

Course Description:
This course is designed to present the basic concepts for maintaining adequate overall personal and community health. General signs and symptoms of illness, disease processes, and disorders are presented. Measures to treat and control, with principles of caring and providing nursing management as well as preventing the disease or spread of the disease.
The body's mechanisms of function and diagnostics to aid in testing will also be included.

Course Objectives: Upon completion of this course students will be able to:

- Describe the nursing process to a variety of medical-surgical disorders.
- List causes signs, symptoms, treatments, diagnostic testing and prognosis as well as the nursing care to certain medical-surgical conditions.
- List measures and conditions to prevent diseases in given situations.
- Know what the normal ranges are for given laboratory test results

- Identify the procedures for certain diagnostic tests and what disorders they are used for.
- Know what nutritional values are important with various disorders.
- Identify the roles of certain nutritional values with medical-surgical disease processes.
- Identify current drug regimens and therapeutic ranges for medical-surgical disorders.
- Apply knowledge basis when adverse reactions and side effects are involved with medication treatments in medical-surgical disorders.
- Identify and relate acceptable standards of practice in intravenous therapy.
- Be able to calculate rates of infusion for intravenous therapy as per primary provider orders and standards of practice.
- Be able to identify and implement appropriate nursing actions to take indicative of local and systemic complications of intravenous therapy.

Required Titles:
Donnelly-Moreno, L. A., & Moseley, B. (2026). *Timby's introductory medical-surgical nursing* (14th ed.). Lippincott Williams & Wilkins.

Recommended Titles:
- PrepU for *Timby's introductory medical-surgical nursing,* 14th ed. (2026). Lippincott Williams & Wilkins.

Course Policies

Attendance Policy:

The school's attendance policy approximates the expectations found in a work situation. It is essential that each student learns the discipline of regular and prompt attendance as well as the skills involved in the workplace. At the time the student moves from education and training into a career, employers will be interested in dependability and punctuality. No matter how skilled the person, an employee is valuable only when present on the job.

Though regular and punctual attendance of scheduled classes is expected, the school understands that emergencies and unforeseeable life situations occur that may lead the student to miss class. Students must maintain a minimum of 80% attendance in class. If a student misses a class, the hours recorded for the absence will be the number of hours listed on the schedule. If a student is not on an approved leave of absence and is absent more than five (5) consecutive school days, the student will be dismissed.

After an extended illness of more than three (3) days, a student is required to present written clearance from a physician to return to school. If, for any reason, a student is not able to attend a scheduled class, the student must call the school at least two (2) hours prior to the scheduled class. A record of attendance is kept for each student as a part of the student's permanent records. Student records are available to students upon request.

ABSENCE POLICY

Excused absences may be granted for any of the following reasons:

1. Death in the immediate family (parent, spouse, child, sibling, in-law)
2. Student's illness documented by a physician.
3. Illness or injury of an immediate family member (parent, spouse, child, sibling, in-law) documented by a physician.
4. Military duty with documentation.

TARDINESS

Students must come to class on time. Late arrivals may be excused at the discretion of the instructor. Tardiness is defined as arriving more than five (5) minutes after the start of a regularly scheduled class. Once a student has three (3) unexcused late arrivals, the student must be formally counseled. A counseling session will determine what actions should be taken by the student to reduce tardiness. Three (3) or more unexcused late arrivals will be marked as absent.

ATTENDANCE PROBATION

Students must maintain a minimum of 80% attendance in class. If a student's overall attendance drops below 80%, the student is advised by the President and will be placed on probation for one evaluation period. At the end of an evaluation period the student will be re- evaluated. If the following conditions are met, the
probationary status will be lifted.

- Students are required to have an overall attendance rate of 80%.
- Students must achieve a grade of "C" or higher.
- Students must have a satisfactory progress report from the instructor.

- Failure to achieve satisfactory progress after the probationary period will result in dismissal from the school unless a special condition is made and documented by the President.

Student Evaluation/Grading Policies:

GRADING SYSTEM

Grades are based on class work, written examinations, and evaluation of skills. If you have difficulty maintaining progress, you will receive individual counseling. The grading scale is as follows:

Grades	Percentage	GPA
A	90 - 100%	4.0
B	80 - 89%	3.0 – 3.99
C	70 - 79%	2.0 – 2.99
D	60 - 69%	1.0 – 1.99
F	0 - 59%	0.0 – 0.99

SATISFACTORY ACADEMIC PROGRESS

All students must maintain satisfactory academic progress to remain enrolled at the institute. Satisfactory academic progress is determined by measuring the student's cumulative grade point average (CGPA) and the student's rate of progress toward completion of the academic program. These are outlined below.

To remain in good standing, the student must maintain at least a cumulative grade point average of 3.0 or a B. Written numeric grade reports for each subject will be provided to students by the second school day after the completion of the course or module. A student achieving a cumulative grade point average below 3.0 at the time of evaluation will be advised of their unsatisfactory academic progress and placed on academic probation.

The institution monitors students' academic progress in their program of study. Students who are not meeting the minimum satisfactory academic progress (SAP) standards will be subject to sanctions. Evaluation periods for measurement of Satisfactory Academic Progress are Standards.

Broward-Miami Health Institute is a non-degree Diploma granting institution. Satisfactory progress is based on clock hours completed and is checked three times during the program. The first check will be made at 25% of the program at which time the student must have a minimum of a 3.0 GPA. The second check is done at 50% of the program and the student must have a minimum grade point average of 3.0 GPA. The third check is done upon completion, where the student must achieve a minimum of a 3.0 GPA.

At each evaluation satisfactory progress is checked. If the student is not maintaining the grade point average as previously specified, the student will be put on a thirty-day probationary period, at the end of which time the student should have raised his/her

average to minimum standard. If, however, the student was unable to raise his/her GPA after the probationary period, he/she will receive a failing grade at that point. However, student may be allowed to repeat the failed course at a later cycle or be dismissed from the program.

At each assessment point satisfactory academic progress, students will be required to have successfully
completed (passed) a minimum of 67% of the total number of credits attempted up to that point in time.

Evaluation Periods for Satisfactory Academic Progress (SAP):

- Practical Nursing Students are evaluated at: **337** hours and **675** hours and **1350** hours

SAP - Evaluation and Timeframe to Complete Policy
Students are required to complete their program within a reasonable time frame. The maximum timeframe is 150% of the published length of the program study.

Program	Clock Hours	Maximum Allowed Time Frame
Practical Nursing	1350	2025
Medical Assistant	1300	1950
Medical Billing and Coding	1110	1665
Patient Care Technician	600	900
Home Health Aide	75	112.5

Examination Policy:
All exams are administered securely online, following the timeline set by instructors.

Expectations of Students:
STUDENT/STUDENT INTERACTION
It is expected that students will consistently display a professional and positive attitude in interactions with
fellow students.

1. Students will complete all assignments alone, without the aid of another student.
2. Students will perform cooperatively when working in assigned areas with other students.
3. Students will display respect for fellow students regardless of ethnicity, socioeconomic background,religion, sex, or sexual orientation.

STUDENT/INSTRUCTOR INTERACTION
It is expected that students will consistently display a professional and positive attitude when interacting with
instructors.

1. Students will work to the best of their ability to complete all assignments.
2. Students will use established procedures in mediating any differences between yourself and the instructor.

3. Students will always demonstrate respect for the instructor regardless of ethnicity, socioeconomic background, religion, sex, or sexual orientation.
4. Students will always demonstrate appropriate behavior and adapt to instructional input.

Assignments/Presentations:
Assignments and quizzes are submitted and graded through the platform, with automatic grading for quizzes and personalized feedback for written assignments. All exams are administered securely online, following the timeline set by instructors.

Course Schedule

Week	Topic(s)	Reading Assignments
Week 1	Review Syllabus for Class Unit 1: Nursing Roles and Responsibilities	Syllabus Chapters 1–6
Week 2	**Test Unit 1 (Chapters 1–6)** Unit 2: Client Care Concerns Unit 3: Foundations of Medical-Surgical Nursing	 Chapters 7–10 Chapters 11–15
Week 3	**Test Units 2 & 3 (Chapters 7–15)** Unit 4: Caring for Clients With Multisystem Disorders	Chapters 16–18
Week 4	**Test Unit 4 (Chapters 16–18)** Unit 5: Caring for Clients With Respiratory Disorders	 Chapters 19–21
Week 5	**Test Unit 5 (Chapters 19–21)** Unit 6: Caring for Clients With Cardiovascular Disorders	 Chapters 22–29
Week 6	**Test Unit 6 (Chapters 22–29)** Unit 7: Caring for Clients With Hematopoietic and Lymphatic Disorders Unit 8: Caring for Clients With Immune Disorders	 Chapters 30–32 Chapters 33–35
Week 7	**Test Units 7 & 8 (Chapters 30–35)** Unit 9: Caring for Clients With Neurologic Disorders Unit 10: Caring for Clients With Sensory Disorders	 Chapters 36–40 Chapters 41–43
Week 8	**Test Units 9 & 10 (Chapters 36–43)** Unit 11: Caring for Clients With Gastrointestinal Disorders	 Chapters 44–48
Week 9	**Test Unit 11 (Chapters 44–48)** Unit 12: Caring for Clients With Endocrine Disorders	 Chapters 49–51 Chapters 52–56

Week	Topic(s)	Reading Assignments
	Unit 13: Caring for Clients With Breast and Reproductive Disorders	
Week 10	**Test Units 12 & 13 (Chapters 49–56)** Unit 14: Caring for Clients With Urinary and Renal Disorders **Test Unit 14 (Chapters 57–59)** Unit 15: Caring for Clients With Musculoskeletal Disorders	Chapters 57–59 Chapters 60–63
Week 11	**Test Unit 15 (Chapters 60–63)** Unit 16: Caring for Clients With Integumentary Disorders **Test Unit 16 (Chapters 64–66)** Unit 17: Caring for Clients With Psychologic Disorders	Chapters 64–66 Chapters 67–72
Week 12	**Comprehensive Test on All Material** **Or** **Test on Chapters 67–72**	**End of Book**
